

The following instructions will walk you through the process for setting up your UNSW Canberra Email on a Samsung Android Device.

Note: This guide is applicable for Samsung devices running Android OS 5.0.0 or later. Android devices come from different manufacturers and their interfaces and features can vary. These steps may differ slightly between different devices and versions of Android. Differences may also exist between campus and personal devices. For more information please refer to the Frequent Asked Questions, Mobile Services section.

Step 1 – Delete Previous UNSW Canberra Account

If you had a previous UNSW Canberra account configured, we recommend that you delete the account prior to the new setup.

To delete, tap **Settings > Applications > Email**

Select previous UNSW Canberra Account, click on **Remove** and follow the prompts

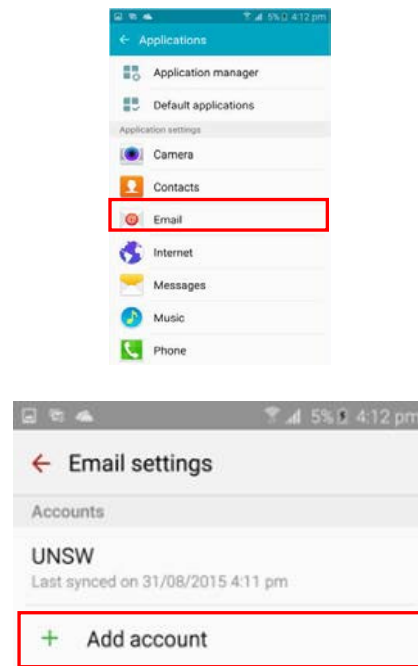

Step 2 – Add an Account

Tap **Settings > Applications > Email**

Select **Add account**

Note: If you do not have any email accounts you will be automatically redirected to Step 3

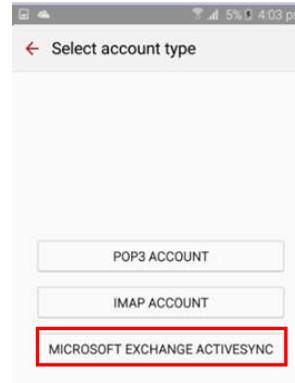

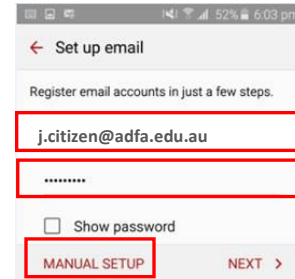

Step 3 – Enter Account Details

Enter your **UNSW Canberra email address** and **zPass** and select **Manual Setup**

Select **Microsoft Exchange ActiveSync** for the account type

Step 5 – Enter Additional Details

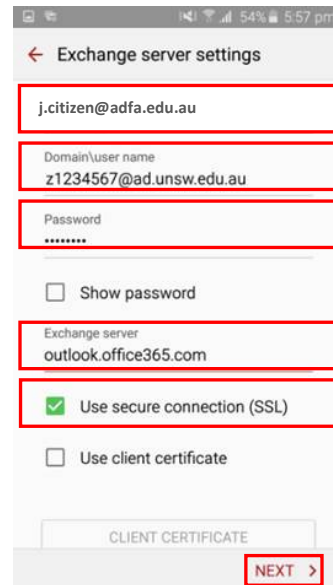

Email address	Your UNSW Canberra email address
Domain\user name	zID@ad.unsw.edu.au
Password	zPass
Exchange server	outlook.office365.com

Tick **Use secure connection (SSL)** then **Next**

If you receive an activation request, tap **OK**

Change or accept the default sync settings and select **Next**.

Give the account a name, and tap **Next** to complete setup

If you require any additional assistance please contact the **Help Desk** - Tel: + 61 (02) 6268 8140
